

TambourDoor™

4Post™ TambourDoor™

ThinStak® TambourDoor™

- ◆ Secures Medical Records (HIPAA)
- ◆ Available for Datum ThinStak®, Vu-Stak® and 4Post™ Shelving
- ◆ Ideal for New or Existing Shelving

TambourDoor™ is an ideal Health Insurance Portability and Accountability Act (HIPAA) solution. Designed for our ThinStak®, Vu-Stak® and 4Post™ Systems, our locking TambourDoor™ can be used with other brands* of shelving to ensure the security and privacy of medical records and any other type of sensitive information. TambourDoor™ units can be used on our letter, legal, X-Ray and binder size shelving.

The TambourDoor™ is easy to attach to existing or new shelving.** Each TambourDoor unit includes two keys and ships via UPS.

TambourDoor™ housing unit attaches the top of shelving along with track and a base for an easy assembly without taking apart the existing shelving. Housing unit adds 9" to the overall height of the shelving unit.

*ThinStak®
TambourDoor™*

Sliding door recesses back into the housing unit for quick access to file folders.

*Vu-Stak®
TambourDoor™*

A spring loaded mechanism and a handle conveniently located approximately 32" from the floor makes for smooth, easy opening and closing of the door.

Housing unit and track system are available in all of standard colors. TambourDoor™ is available in two colors:

Charcoal Gray

Putty

**Contact factory for more information.*

***TambourDoor™ Systems are designed to be used in conjunction with either stationary shelving or shelving mounted on MobileTrak5® Systems.*
