## SCHWAB RECORD CABINETS - FIRE, EXPLOSION & IMPACT RATED

Once you've made the wise decision to protect your business with fire resistant filing, why settle for less than the best! Since 1872 Schwab Corp. has been the leader in protecting the valuable records of businesses and residential customers world-wide. All Schwab Fire and Impact Rated Record Cabinets come backed by Underwriters' Laboratories Class 350-1 hour, fire and impact resistance label.

The Schwab Record Cabinet is available in 22 $\frac{1}{2}$ " , 27 $\frac{1}{2}$ " , 32 $\frac{1}{2}$ " , 37 $\frac{1}{2}$ " , 50 $\frac{1}{2}$ " and 62 $\frac{1}{2}$ " high models, with two attractive neutral colors to choose from that will enhance any office or home office décor.

Our Record Cabinets provide maximum filing capacity for your valuable records. While standard equipped with a Medeco® key lock, a variety of locking options are available to accommodate your individual security needs.

Record cabinets can be accessorized in a variety of ways to meet your specific storage needs. For your added convenience, these accessories can be easily changed as storage requirements evolve.

Rated to protect your vital business records, Schwab Fire and Impact Rated Record Cabinets have been built to exceed the stringent UL label requirements for the following tests:

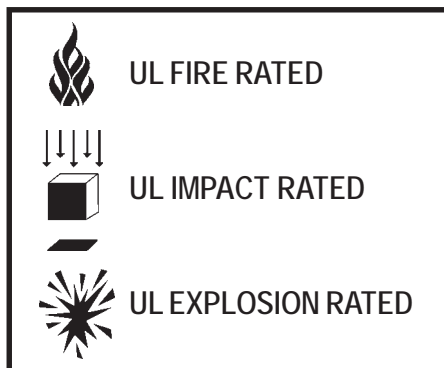

A one hour test for fire resistance in external temperatures exceeding 1700°F.

A 30 foot drop impact-resistance test in addition to a 1550°F fire resistance test.

A 2000°F explosion hazard resistance test.

All Schwab Fire and Impact Rated Record Cabinets are UL rated to survive a fall of over 30 feet and still keep their contents safe from fire. Combined with the explosion hazard UL rating, these tests prove that the Schwab cabinet is built to protect in the face of any disaster.

Schwab's Insulite™ insulation is the most efficient on the market today. Thicker insulation doesn't always mean better insulation. Insulite™ allows all Schwab files to offer features like thinner walls and lighter weight without compromising fire protection. This enables the Schwab design to maintain a look that is aesthetically pleasing without sacrificing its protective ability.

All fire resistant insulation requires water in order to prevent the spread of fire. Insulite™, Schwab's trademarked air-dried insulating composite's water is chemically bound. This means our insulation contains *no free water*. The competitor's oven dried insulation has a small amount of free water, which can evaporate over time, thus losing its protective ability. Insulite™ contains no asbestos and NEVER dries out or loses its protective ability over time, so breathe easy—you, your vital records, and your environment are protected with a Schwab fire resistant record cabinet.

### IT'S OUR GUARANTEE

Our after-the-fire free replacement guarantee lets you know that once you have made the investment in a Schwab product, we will be there even if disaster strikes. We stand behind it, and have for over a century.

# SCHWAB® RECORD CABINETS

## Fire, Impact and Explosion Rating

The Schwab Record Cabinet has met Underwriters' Laboratories stringent requirements for the classification of 'Record Protection Equipment.' This includes a test for fire-resistance in external temperatures exceeding 1700°F for one hour, a 2000°F explosion hazard test as well as a test to withstand the impact of a 30ft drop.

## Insulation

Only Schwab's premium Insulite™ insulating composite material, in

conjunction with superior manufacturing processes provides unparalleled protection against fire. Insulite, which is poured into the pre-constructed frame enables the Schwab design to maintain the same protection with less weight and size than competing brands.

## Colors and Finish

Schwab's two neutral colors have been carefully chosen to meet the discriminating tastes of the world's top designers and decorators:

Gray  
Off-White

An attractive textured finish gives the Schwab cabinet a scratch, scuff and stain resistant surface.

## Lifetime Warranty

Schwab warrants that it will repair or replace any cabinet part manufactured by Schwab that fails in normal use as a result of defects in materials or workmanship free of charge for a period of one year as long as the original registered purchaser owns the cabinet.

## Lifetime Free After-the-Fire Replacement Warranty

In the event this product is damaged by fire while in the possession of the original purchaser as shown on the warranty registration card, Schwab warrants that it will replace the product free of charge.
