Delivery City

State

Zip

Does location have a delivery dock?

Yes No

Present Capacity

Present amount of storage space in linear sorting inches (LSI)

To calculate: Measure the interior height of one vertical section of sorts.
Multiply height by number of vertical sort sections. i.e., 10 section @ 24" height = 240 LSI.

How many sorting pockets currently?

Project goals

Furnish a complete mailroom

Increase capacity by %

Add a specific number of sorts

Other, please explain in the space below:
